Subject: COVID-19 Response Plan Update

We would like to provide an update to all of you regarding our response to Michigan Governor Gretchen Whitmer's "Stay Home, Stay Safe" Executive Order (EO 2020-21).

Based on Governor Whitmer's order and on guidance provided by the federal Cybersecurity and Infrastructure Security Agency ("CISA"), **our business operates in a critical infrastructure industry.** As such we have "a special responsibility to maintain a normal work schedule to keep critical systems and assets working." **Advanced Blending Solutions will continue operations to support our customers** as long as this guidance is in place and as allowed by Federal, State, and local authorities.

The health of our employees remains our primary concern during this time. To this end we have taken steps to allow many of our employees to continue to support the business remotely. Employees who are deemed essential for onsite operations are following stringent guidelines to minimize exposure to the COVID-19 virus.

On behalf of the whole ABS team, I wish health, safety, and well-being for you and your families during this time.
